Colyer Exhibitions

creative solutions to make you really stand-out

Innovative exhibitions

Creating impact at an exhibition is challenging when you're competing with others to get noticed. You need stands and displays that look incredible, are quick and easy to assemble and are cost-effective.

Let us help you.

We've been designing, producing and building exhibition stands for our customers for years. We partner with all the main exhibition systems' manufacturers so we can help you choose the very best solution.

We have fantastic technical and customer care teams, we're passionate about print and production (sad but true) and we're experts in our field, so if you need to go the extra mile for a special event or need to breathe new life into your existing exhibition set-up, we're here to help.

We pride ourselves on our personal approach so please do get in touch, I'm always happy to take your call on 020 7833 0888.

**we'd love to be part of your team
let us help make your stand sparkle and shine**

Insafe Stand at IFSEC:

Graphic panels & logos,
vinyl lettering, flooring,
furniture, lighting...
all put together by our
own fair hands of course!

What we can do for you...

At a glance:

- **stand-build and modular systems**
graphics for panels & walls,
glass & mirrors,
lighting and light boxes,
flooring,
furniture
- **pop-ups & lecturns**
directional signage,
flags
- **supporting material**
brochures,
folders, packs,
hand-outs,
branded merchandise,
lanyards, tickets
and wallets

Take a stand

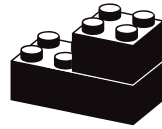

Getting noticed at exhibitions usually starts with your stand. We can design and build something from scratch. Or we can help you make sense of the modular stands available (we partner with all the main exhibition systems' manufacturers) and then personalise it for your needs.

However your stand begins its life, what you'll end up with is something personal, differentiating and striking. There are very few limits on what we can do. If you want an all-singing, all-dancing stand with lightboxes and mirrors and flashing lights, we can do that.

Or if you need something contemporary, beautifully understated and professional, we can do that too.

you think... and we'll turn your
fantastic idea into a reality

Printed support

As well as the stand itself, and everything that helps to promote it, we can also produce all of your supporting material.

Whether that's tickets and invitations to your customers beforehand, or brochures and promotional literature for them to take-away, or branded products and gifts to keep them sweet, or folders and bags to keep them organised.

We can work with you to make sure that everything ties together so that your customers get a joined-up, consistent experience.

Attention grabbing

Flags aren't for everyone but they're just one of the ways of drawing extra attention to your stand. Additional signage, lecturns, pop-ups, roller banners, display units, floor graphics and furniture can all help to make sure that your customers don't pass you by. Exhibitions are busy, highly competitive environments so every little helps.

What dreams are made of:

Whether you need an all-singing, all-dancing stand or something beautifully understated and professional, call us - we can help!

Why you should choose us...

At a glance:

- **personal service**
- **collaborative working**
- **bespoke solutions**
- **great technical know-how**
- **certified standards of quality**

ISO 9001 and
ISO 14001

Let's get personal

We're a small (but perfectly formed) team. We make sure we call on the right expertise for your particular project. It's all about making sure we deliver what you need, by involving the right bunch of people.

- we have creative types (who can help visualise your initial ideas)
- we have technical types (who can advise on how to make it, build it and print it)
- we have customer care types (who'll look after you every step of the way)
- we have installation types (who make sure everything goes alright on the night)

Project teams and expertise, tailor-made for you; you can't say fairer than that.

Collaborative working is the way forward

No-one knows your business like you do. And no-one knows exhibition design, print and production like we do. It's the perfect combination.

We're extremely proud of the close working relationships that we have with our customers, and we love the fact that they come back to us time and time again.

They come back because we listen, we know our stuff, nothing is too much trouble and we deliver.

We may be able to help!

We design print produce cut stick trim assemble. We care.

making the most of your space

The sky's the limit...

...when it comes to our approach and capabilities. We're passionate about what we do which means we get quite excited when a new project comes along, the more challenging the better. We love finding solutions, we love finding new ways of doing things and we love the look on our customers' faces when we crack it!

The 'ta dah' moment is what gets us out of bed in the mornings.

You're in safe hands

We're a friendly and approachable bunch here but what underpins the smiley stuff is buckets of technical know-how. We know about structures, supports, cardboard, vinyl, plastics, paper, finishing, trimming, laminates and print. We can advise you on the very best way to achieve the professional impact that you're looking for.

And we promise not to bore you with too much tech-y talk.

unique capabilities

quality print

Qualified quality

It's good to have standards and we have two that we're exceptionally proud of; ISO 9001 and ISO 14001.

ISO 9001 is all about quality, and making sure we consistently deliver what our customers want, and continually looking for ways to improve. ISO 14001 is about controlling our impact on the environment, and looking for ways to improve our environmental performance.

There's so much more to shout about

We hope this gives you a flavour of what we can do when it comes to helping you with differentiating, cost-effective exhibition stands. If you'd like to talk to us about what you need, (or even if you don't really know what you need), pick up the phone. We're experts and it's our job to bring your ideas to life, however weird and wonderful they might be.

As well as exhibitions, we do lots of other things to do with print and promotions:

- **Display and promotional merchandise for retailers**
- **Brochures and leaflets and postcards and flyers**
- **Window vinyls and lightboxes**

plus a few more things that you might not know about:

- **Computers and software and copiers and printers**
- **Office supplies (anything from post-its to tea-bags)**
- **Maintenance and servicing**

Colyer is committed to being your most comprehensive supplier. We pride ourselves on knowing what you need to run your business, your office, your meetings and your events. Do remember, **this catalogue is only a snapshot of what we do.**
