

Fast, crisp, and sharp scans of large format documents

Scan and collaborate with more precision in every pixel

Faster: Spend less time scanning and instead focus on what matters to you.

Smarter: IQ Quattro is networked with your entire workgroup and Cloud enabled so anybody in your project team can use it from their smartphone.

Better: Shadows and unwanted background are suppressed leaving you with crisp, sharp and natural scans – ready to be used in your continued workflow.

Unique technology: With Contex CleanScan CIS modules, superfast Ethernet and award-winning Nextimage software, Contex IQ Quattro is the leading scanner for technical projects.

IQ Quattro is recommended for workgroup usage

Cloud enabled with rainforest365

Up to 14 ips in color across corporate networks

Guides for easy handling

1 Scanning speeds depend on document width and computer configuration. Contex recommends Intel Core Duo, Core 2 Duo, or better processors, 2GB RAM, Hi-speed USB2. Speed tests performed using Nextimage software, PC with Intel Core i5-2500 Quad processor, 8GB RAM, Hi-speed USB2, 7200rpm HDD, Windows 7 64-bit Ultimate.
 2 Requires optional scanner stand.
 3 Contex CleanScan technology is based on custom CIS modules with Dual sided LED light and Dual Diffusion.
 4 Signal Intensity Matching (SIGMA) is a Contex Patent. Sensor heating during a scan can cause inhomogeneous images. Thanks to Contex innovative thinking Contex IQ Quattro scanners will minimize sensor differences LIVE during a scan.
 5 Color Fringe Removal (CFR) is a Contex Patent. Color Fringing is a natural consequence of CIS technology sequentially flashing R-G-B. Thanks to Contex innovative thinking CFR will remove this problem with advanced filter technology.
 6 Contex applications creates industry standard raster file formats that can be used in any CAD or GIS application.
 7 Requires optional Nextimage software

IQ Quattro scanners are ideal for technical documents. Scan documents and enhance your files in AutoCAD®, ESRI® and others. Share through cloud solution.

Faster in color, Better image quality, Cloud enabled, and Unique technology

Height adjustable stand for optimal ergonomics.

Suppress shadows and unwanted background

Excellent lines with Contex CFR (color fringe removal)
