Company updates.

2023 is off to an energetic start. Not least, our Woking showroom opened on the 23rd of February, and we were delighted to welcome our Graphics and CAD customers in for the day. On the 1st & 2nd of March, we exhibited and presented at the PA Show, and we are looking forward to future events. Our recertification of ISO 9001 and 14001 means you will continue to receive the high levels of service you deserve.

What's New.

We are Gold...

Colyer is proud to announce that we have been awarded a gold partnership with Xerox authorised Document Technology Partner.

Our accreditation means we can continue to supply the entire Xerox range of products, services and solutions, having reached the required standards to obtain Gold status. Our product portfolio includes all Xerox print products and associated software used in the workplace.

Events.

Woking Showroom Open Day Success!

It's been a while since we opened our doors to visitors, but on Thursday 23rd February we invited our Graphics and CAD customers to come and visit our new showroom and see the latest machines in action. Our visitors enjoyed demonstrations on the HP Latex 800, Designjet T2600 for CAD and our new Fuji Acuity Prime flatbed printer.

"Really good to have a demonstration and full overview of the machine before purchasing"

Ben@fourfront group.

If you missed out our next open day will be on Thursday 27th April - [Register here...](#)

Your print and digital technology partner.

The PA Show.

Our own Jonathan Lyons and Martyn Williams from Xerox had a busy time at the recent #thePASHow at Excel. We featured Workflow Central applications, perfect tools for hybrid working offices.

A glimpse at just some of the takeaways we shared: automating your office using AI, merging files in different formats, secure translations and converting text files to an audio format, wherever you are on any device.

Upcoming...

Adobe Substance 3D Event.

4pm Tuesday, 28th March 2023.

Come and see an Adobe Substance 3D Specialist deliver an interactive presentation at our London office.

Followed by an unseen Photographic Exhibition from the set of "Amy Winehouse Back to Black" displayed by our sister company [mjcp](#) in collaboration with LEGEND.

[Register NOW](#) as limited places are available.

Meet Our Woking Sales Director.

Oliver Gosden

Ollie joined Repopoint as a fresh-face sales trainee over 25 years ago. He is now the Sales Director at Colyer, specialising in large format printers and finishing machines for CAD and Graphics market. When Ollie is not working, he will either be running or playing football and likes nothing more than a good curry, the hotter the better....

"What do you most enjoy about working in the print industry?"

Meeting people who are passionate about the products and services they provide and are looking to improve this. Specifically, through the efficiency of print/finishing machines and software technology. This allows us to then analyse and offer effective solutions. There is nothing better for me than seeing my customers achieve their end goal of improved profitability and workflow.

Sustainability.

How do our partners recycle your print cartridges?

HP Planet Partners - Supplies Recycling Program.

Recycle HP Ink and Toner supplies with HP Planet Partners, don't end up in oceans or landfills.

The ink cartridges, printheads and in some cases the maintenance cartridges are recyclable free of charge through the HP Planet Partner program, a simple online form to request your box to return your ink and toner cartridges in large quantities, all free of charge.

The 4th Generation HP Latex ink cartridges are made from cardboard and can be recycled with your current cardboard and paper. The printheads can be recycled through the HP Planet Partners program.
